Subject: Backing away from Environmental commitments

External Email: Use caution with links and attachments.

Hello,

There will always be “reasons” put forward to cut environmental policies and initiatives. The threat from the US, high cost of living, lack of funds are prime examples. But, if we don’t have a livable environment what do any of those things matter.

Please think hard and make a stand. That is why you were elected.

Thank you.

William deSavigny
