Action 13 started in 2020 with a key goal of getting the City to take the Climate Emergency seriously. We've worked hard with residents across Ward 13 and greater Hamilton to support the amazing climate initiatives the City has since implemented.

We're very disappointed to hear that some Councillors have now got climate action and the Office of Climate Change Initiatives in their sights for cuts as the budget process wraps, particularly egregious timing now that the public has no means for input at this late stage.

Our members are clear, climate inaction in Hamilton is NOT an option.

We urge you to consider the importance of the climate emergency and the impact it's having on the residents of Hamilton. Climate action is critical and the budget needs to reflect this.
