Subject: Ancaster development - Wilson street east

External Email: Use caution with links and attachments.

I am writing to oppose the 5 storey development for 392-412. It will ruin the charm of Ancaster and cause so much disruption for traffic and therefore cause lower home prices. I am so disappointed that it has even gotten this far in the process given it is against the 3 storey rule for Ancaster that allows Ancaster to keep its charm.

Ancaster traffic is getting ridiculous and getting to the point of gridlock and this proposal will amplify this issue. Before trying to pack in more homes, please consider improving the infrastructure.

Please send an email receipt for proof that my email was received.

Regards,

Mary Jo
