RE: Ontario Regulation 391/21: Blue Box

The Council of the Municipality of Bluewater passed the following resolution at their March 16, 2026 regular meeting:

MOVED: Councillor Harris **SECONDED:** Councillor Hessel

WHEREAS under Ontario Regulation 391/21: Blue Box producers are fully accountable and financially responsible for their products and packaging once they reach their end of life and are disposed of, for 'eligible' sources only; and

WHEREAS 'ineligible' sources, which producers are not responsible for, include industrial, commercial, and institutional locations (IC & I) such as businesses, places of worship, daycares, campgrounds, public-facing and internal areas of municipal-owned buildings, and not-for-profit organizations, such as shelters and food banks; and

WHEREAS failure to include 'ineligible sources under the Ontario Regulation 391/21: Blue Box program is in essence a provincial tax on ineligible sources; and

WHEREAS should a municipality continue to provide services to the 'ineligible sources, the municipality will be required to oversee the collection, transportation, processing of the recycling; and

WHEREAS changes may result in many small businesses and not-for-profit organizations losing access to comparable recycling services and force them to seek providers at a much higher cost than the previous services rendered through the Blue Box collection system; and

WHEREAS the rising costs of collection of recycling for industrial, commercial and institutional recycling may lead to the abandonment of recycling entirely, increasing environmental damage; and

WHEREAS landfilling needs throughout the Province of Ontario are already at capacity in many communities; and

WHEREAS The Municipality of Bluewater has approximately 150 or more "non-eligible" sources that will not be provided service from the Producer Responsibility Organization;

NOW THEREFORE the Municipality of Bluewater Council hereby request that the province amend Ontario Regulation 391/21: Blue Box so that producers are responsible for the end-of-life management of recycling products from small businesses and not-for-profit organizations within the industrial, commercial and institutional sectors; and

FURTHER THAT Council hereby request the support of all Ontario Municipalities; and

FURTHER THAT this resolution be forwarded to the Honourable Doug Ford, Premier of Ontario; the Honourable Todd McCarthy, Minister of the Environment, Conservation, and Parks; the Honourable Rob Flack, Minister of Municipal Affairs and Housing; and the Honourable Lisa Thompson, Minister of Rural Affairs and the local MPP for Huron-Bruce.

CARRIED.

Sincerely,

Chandra Alexander
Acting CAO
Manager of Corporate Services/Clerk

March 13, 2026

Please be advised that during the regular Council meeting of March 10, 2026 the following resolution regarding OPP - Sustainable Police Services Funding was carried.

RESOLUTION NO. 2026-111

DATE: January 29, 2026

MOVED BY: Councillor Roberts

SECONDED BY: Councillor Hirsch

WHEREAS Ontario municipalities are required to maintain a police service or detachment board; and

WHEREAS policing is a provincially legislated responsibility, yet municipalities are bearing the brunt of rising costs to implement provincial mandates;

WHEREAS the Association of Municipalities of Ontario (AMO) has asserted that the fiscal framework enabling municipalities provided critical policing and public safety services is broken, and AMO requests an urgent update of the provincial-municipal fiscal relationship;

WHEREAS double digit increases in municipal annual Ontario Provincial Police (OPP) budgets are unsustainable, especially as Ontario municipal police services tackle provincial responsibilities such as mental health, addictions, and homelessness challenges that place police resources under enormous financial strain;

WHEREAS municipalities across Ontario are experiencing increased police operating and capital costs directly related to new compliance and operational standards required under the Community Safety and Policing Act, 2019 (the Act);

WHEREAS the costs of other measures such as providing provincial court security are increasing and are not part of providing core, adequate and effective municipal policing; and

WHEREAS rural municipalities are especially negatively impacted by these developments;

NOW THEREFORE BE IT RESOLVED THAT the Council of the County of Prince Edward (Council) requests that the Province provide financial assistance to municipalities to offset all additional costs directly and demonstrably incurred as a result of compliance with the Act and not general increases to police budgets; and

THAT Council urges the Province of Ontario to expeditiously review and reform its current police grant programs to ensure a more equitable distribution of funding to municipalities, so that communities with changing populations and expanding service demands receive fair and sustainable provincial support; and

From the Office of the Clerk
The Corporation of the County of Prince Edward
T: 613.476.2148 x 1021 | F: 613.476.5727
clerks@pecounty.on.ca | www.thecounty.ca

THAT this resolution of Council be forwarded to the Premier of Ontario, the Solicitor General of Ontario, the Minister of Municipal Affairs and Housing, the Association of Municipalities of Ontario (AMO), the Rural Ontario Municipal Association (ROMA), Eastern Ontario Wardens' Caucus (EOWC), the Ontario Association of Police Services Boards (OAPSB), and all Ontario municipalities for endorsement.

CARRIED

Yours truly,

Catalina Blumenberg, **CLERK**

cc: Mayor Steve Ferguson, Councillor Roberts, Councillor Hirsch

Minister of Labour, Immigration, Training and Skills Development David Piccini
14th Floor, 400 University Avenue
Toronto, ON M7A 1T7

February 5, 2026

Dear Minister Piccini,

On behalf of Ontario's municipal public works professionals, we are writing to raise an urgent health and safety concern that is increasingly placing municipal workers and subcontractors at risk while they maintain the critical infrastructure our communities rely on every day.

While the Occupational Health and Safety Act establishes important protections against workplace hazards, it does not adequately address a growing and very real threat: unsafe working conditions created by interference, harassment, and dangerous actions from members of the public.

Through consultations with AORS members across the province, we are hearing consistent and deeply troubling examples of escalating behaviour directed at municipal workers - particularly winter maintenance operators. These are not isolated incidents, but a pattern that is becoming increasingly normalized during significant weather events. Examples reported to AORS include:

- An individual throwing a large chunk of ice at an active piece of municipal equipment while it was operating.
- A resident threatening to kill a sidewalk plow operator.
- A man climbing onto a snow plow and refusing to get off until the operator agreed to plow his road next.
- Two municipal staff members being confronted, accosted, and aggressively yelled at in public - one at a gas station and another while simply standing in line for coffee - by individuals angry about road conditions that were not even under that municipality's jurisdiction, as well as a mailbox that had been struck.
- A voicemail left by a resident threatening to shoot a municipal plow driver with a shotgun the next time the street was plowed.
- A resident angry about snow at the end of their driveway jumping in front of an active plow and refusing to move. The plow was delayed for over an hour during a major snow event, placing service levels and the municipality's overall emergency response at risk. The situation was only resolved once supervisors and by-law officers arrived on scene.

These incidents represent only a small sample of what municipal plow drivers and winter maintenance crews are experiencing across Ontario. What was once limited to disgruntled complaints has escalated into direct threats, physical interference, and dangerous confrontations that place workers, subcontractors, and the public at risk. This issue is becoming a systematic threat to municipal service delivery and is only amplified during significant weather events.

Municipal workers and their contracted partners are responsible for maintaining roads, bridges, sidewalks, and other essential services - often in extreme weather and high-risk environments. When these workers are threatened or obstructed, it becomes not only a workplace safety issue, but a broader public safety concern. In some cases, conditions have become so unsafe that

municipal staff and subcontractors have walked off job sites, jeopardizing timely service delivery during critical events.

We respectfully ask the Province to consider the following changes:

- Under the Emergency Management and Civil Protection Act, when a municipality declares a Significant Weather Event, municipal winter maintenance vehicles and operators - including subcontractors working on behalf of municipalities - should be afforded enhanced protection, with interference or obstruction treated with the same severity as interference with police, fire, or paramedic services.
- Establish clear public-safety interference provisions, similar in intent to Ontario's Slow Down, Move Over legislation, that recognize the essential role of municipal roadside workers.
- Consider adopting provisions similar to Manitoba's recently passed Bill 38, an amendment to their Highway Traffic Act effective January 1, 2026, which requires motorists to maintain a minimum distance of 30 metres behind snowplows where speed limits are 80 km/h or lower, and 100 metres where speed limits exceed 80 km/h.

These changes would provide clarity, deterrence, and enforceability—sending a strong message that interference with municipal workers performing essential services will not be tolerated. Just as Ontario protects first responders from obstruction during emergencies, we must extend similar protections to the public works professionals who keep our communities safe, connected, and functioning.

AORS would welcome the opportunity to meet with you and your staff to discuss these concerns further and to collaborate on legislative solutions that better protect municipal workers and subcontractors while strengthening public safety across the province.

Thank you for your consideration of this critical issue.

Sincerely,

Karla Musso-Garcia, CRS-I
President, Association of Ontario Road Supervisors

Solicitor General of Ontario Michael Kerzner
George Drew Building, 25 Grosvenor Street
Toronto, ON M7A 1Y6

February 5, 2026

Dear Solicitor General Kerzner,

On behalf of Ontario's municipal public works professionals, we are writing to raise serious concerns regarding the safety of municipal workers and subcontractors who are increasingly facing harassment, threats, and dangerous interference from members of the public while delivering essential municipal services - particularly during winter maintenance and emergency operations.

Across Ontario, municipal public works teams are responsible for maintaining critical infrastructure that residents depend on every day, including roads, sidewalks, bridges, and drainage systems. During significant weather events, these workers are frontline responders, ensuring emergency vehicles can travel safely and that communities remain connected and accessible. However, the behaviour directed at them has escalated well beyond routine complaints and has become a direct threat to both worker safety and public safety.

Through consultations with AORS members province-wide, we continue to receive troubling reports that illustrate the seriousness of this issue. These include:

- An individual throwing a large chunk of ice at an active piece of municipal equipment while it was operating.
- A resident threatening to kill a sidewalk plow operator.
- A man climbing onto a snowplow and refusing to get off until the driver agreed to plow his road next.
- Two staff members confronted and aggressively accosted in public - one at a gas station and another while simply waiting in line for coffee - by individuals angry about road conditions and a mailbox strike that were not even related to that municipality.
- A voicemail threatening to shoot a plow driver with a shotgun the next time the street was plowed.
- A resident jumping in front of an active plow during a major snow event and refusing to move, delaying operations for over an hour and jeopardizing service levels and overall emergency response.

These examples represent only a small sample of the experiences municipal plow drivers and winter maintenance crews are facing across the province. What was once occasional frustration has escalated into intimidation, threats of violence, and direct interference with equipment and operations.

Equally concerning is that municipalities do not always receive consistent enforcement support when these incidents occur. We have heard directly from members who contacted the Ontario Provincial Police for assistance and were advised that, unless a physical assault had already taken place, the situation was "not a police matter." Waiting until a worker has been physically harmed before intervention is neither preventative nor acceptable.

This gap leaves municipalities and workers vulnerable and sends an unintended message that threatening or obstructive behaviour toward municipal staff carries little consequence. It also places supervisors and by-law officers in situations that may exceed their authority or capacity to manage safely.

We believe a proactive and coordinated response is needed. Municipal workers and their subcontractors should not have to choose between their personal safety and providing critical services during storms and emergencies.

We respectfully ask that the Province of Ontario and the Ontario Provincial Police take a clear and strong stance that interference, threats, and harassment directed at municipal public works staff will not be tolerated. Specifically, we would welcome:

- Clear direction and guidance to police services, including the OPP, that threats, intimidation, and obstruction of municipal workers performing essential duties warrant timely enforcement and support.
- Recognition that interference with winter maintenance and emergency public works operations presents a broader public safety risk, not merely a municipal operational issue.
- Enhanced coordination between municipalities and local police services during significant weather events and emergency responses to ensure worker safety and continuity of service.
- Consideration of legislative or policy tools that provide stronger deterrence and consequences for those who threaten or obstruct municipal staff and contractors.

Municipal public works professionals are essential workers. They keep roads open for ambulances, fire trucks, school buses, and the travelling public. Their safety should be treated with the same seriousness as that of other frontline responders.

AORS would welcome the opportunity to meet with you and your staff to discuss these concerns and explore practical steps to ensure consistent enforcement support and stronger protections for municipal workers across Ontario.

Thank you for your attention to this important matter and for your continued leadership in public safety.

Sincerely,

Karla Musso-Garcia, CRS-I
