

Mohawk Sports Park
Sports Council

To: Chair and Members of the Emergency & Community Services Committee

From: Kevin Gonci, Chair – Mohawk Sports Park Council

Date: April 23, 2026

Subject: Request for Status Update – Mohawk Sports Park Community Hub Proposal

Dear Members of Committee,

I am writing to request a status update regarding the Mohawk Sports Park Community Hub proposal submitted by the Mohawk Sports Park Council (MSPC).

Between 2024 and 2025, MSPC completed a federally funded feasibility study and provided all requested materials to staff. We were advised that an update or decision would be provided by **June 2025**, with a further update in **September 2025**. The last communication we received from staff was on **September 11, 2025**, indicating the proposal remained “in review.” No further updates or timelines have been provided since.

We are also under the impression that **other proposals related to recreation and community infrastructure may be advancing through separate processes**, creating uncertainty about how unsolicited proposals are being evaluated and what process is currently in place.

In the interest of transparency and clarity, MSPC respectfully requests:

1. A written update on the current status of the staff’s review.
2. An anticipated timeline for when staff expect to report back to the Committee.
3. Clarification of the process being used to evaluate unsolicited proposals.

Our goal is simply to understand the next steps and ensure that community-led proposals are reviewed through a clear, transparent and consistent process.

Thank you for your consideration.

Sincerely,

Kevin Gonci
Chair, Mohawk Sports Park Council
