Subject: Animal Control Officer---Glanbrook

To Mayor Bratina and Council of the City of Hamilton: Just writing to share a concern that I have around the issue of the dedicated Animal Control Officer for the Glanbrook area. The "cons" of losing our Glanbrook Animal Control Officer far outweigh any "pros"!! Michelle Bain does an amazing job in her role----She is very responsive to any and all issues and actions are very quickly carried out. I would hate to lose this competent person who really seems to enjoy her job and does it with great pride. Again, we should not be losing our dedicated Animal Control Officer. Thank you for your consideration of this matter and I look forward to hearing from you concerning this decision. Joanne Weeks
