Information:

The 2010-2012 Planning and Economic Development Department's Business Plan was received by the Planning Committee on July 5, 2010 (PED10137). The Plan identifies the Department's strategic projects to be completed or started within the 2011 to 2012 time period. The Plan has been developed to implement, and be integrated with, the Corporate Vision, Strategic Plan, Corporate Priorities Plan and Senior Management Team (SMT) Work Plan. Outlined in the Business Plan are the projects, staff leads, timing, and resources required to undertake the projects. It is not the intent of the Plan to outline all of the work undertaken by the Department, but rather identify key strategic projects that relate to the Corporate Strategic Plan and the Department's goals and/or those initiatives which consume considerable staff resources. As a result, legislative requirements, day-to-day activities, application processing, etc. that also take up considerable amount of staff time, have not all been included in the Plan.

As part of a continuing review and updating of the Business Plan, a 2011 Project Status Update has been prepared and attached to this Information Report. This Update identifies the current status of work progress and adds new initiatives. Projects have been identified in the update as: "completed", "above the target", "at target", "off target"

or “not being addressed/discontinued”. In addition, new projects and SMT work plan priorities have been identified.

The projects have been organized by Strategic Plan Focus Areas and arranged in Departmental Goals, specifically:

Focus Area 1 - Skilled, Innovative and Respectful Organization

Departmental Goals:

- A Skilled and Innovative Workforce
- Improve and Enhance Customer Service
- Effective and Efficient Communications
- An Engaged and Dedicated Workforce

Focus Area 2 – Financial Sustainability

Departmental Goals:

- Increase Non-Residential Tax Assessment and Revenues
- Sustainable Growth Management
- Effective Management of Capital Resources

Focus Area 3 – Effective Inter-Government Relations

Departmental Goals:

- Improved Relationships with Federal and Provincial Governments
- Influence on Government Policy and Regulations

Focus Area 4 – Growing our Economy

Departmental Goals:

- The Creation of New and Redeveloped Employment Areas
- A Streamlined Development Approval Process
- An Enhanced Environment for Business Development, Retention and Expansion
- Focused Support for the Development of Key Business Sectors and Redevelopment Areas
- Enhancing the City as a Visitor, Sport and Convention Destination
- Support for the Efficient and Logical Development of the City of Hamilton

Focus Area 5 – Social Development

Departmental Goals:

- Improved Quality of Life for Residents
- Efficient and Effective Delivery of Services

Focus Area 6 - Environmental Stewardship

Departmental Goals:

- Protect and Enhance our Natural Environment
- Improve the Quality of our Air
- Improved Environmental Standards

Focus Area 7 – Healthy Community

Departmental Goals:

- Improving the Quality of our Built Environment
- Ensuring an Adequate Quality of Life for all Residents

In total, there are 210 projects identified in the Department's Business Plan Projects Update, with the following results:

- 9 above target (4%);
- 95 on target (45%);
- 37 below target (17%);
- 5 not being addressed or discontinued (2%);
- 59 completed (28%); and,
- 46 new projects (22%).

The Department is very pleased with this accomplishment of 77% of our planned initiatives having a combined completed/on or above target status. It should be noted, however, that there is some double counting in the above list, as the status of parts of projects may be identified as different status.

Projects that are not meeting our previously identified completion date have been delayed as a result of staff vacancies, time spent on identified, non-planned Corporate initiatives, such as the 2011 focus on Labour Disruption Planning, increased day-to-day pressures and uncontrollable influences such as dependencies on the work of other Departments, Ontario Municipal Board (OMB) hearings and the need for outside funding.

The Department will continue to align the directions/projects of the Business Plan as part of individual staff performance appraisals. The Department will review the Plan more closely with other Departments with the intent of better alignment of priorities, projects and resources. As a result, changes to the Planning and Economic Development Business Plan may need to occur to align with other Department's Business Plans, once these are completed. It is expected the Plan will again be reviewed in 2012 and necessary adjustments will be made. As the Corporate Strategic Plan and SMT work plan is updated, it is intended that the Department's Business Plan will also be necessarily revised.

It should be noted that all City Departments are preparing similar Business Plans which will be forwarded to Committee for information, once completed.

With the implementation of our Business Plan, the Planning and Economic Development Department is in a better position to align work with the City's Strategic Plan's seven focus areas and desired end results, as well as the SMT Work Plan, and to ensure that the required staff and resources are provided and allocated most effectively.

2010 – 2012 BUSINESS PLAN: 2011 PROJECTS UPDATE

INTRODUCTION

Strategic Planning is about making choices TODAY that will impact our FUTURE.

The City of Hamilton Strategic Plan and the Department Business Plan are being put forth as a starting point for Council, our staff and the community of Hamilton to work together to create a safe, healthy and prosperous City for our residents and business community.

The Department Business Plan is aligned to the City Strategic Plan's seven (7) Strategic Focus Areas with Desired End Results and Key Activities attached to each Focus Area. The Business Plan sets out the timing and lead staff assigned to ensure implementation of the Desired End Results. While the Business Plan outlines the Department's role in implanting the Corporate Strategic Plan, it is also used to identify legislative requirements, resource allocation and timing of deliverables for the Department.

Vision

To be the best place in Canada to raise a child, promote innovation, engage citizens and provide diverse economic opportunities.

CITY mission

We provide high quality services in a fiscally and socially responsible, environmentally sustainable and compassionate manner in order to ensure a healthy, safe and prosperous community.

We engage our citizens and promote a fair, diverse and accepting community.

We are a skilled, knowledgeable, collaborative and respectful organization that thrives on innovation and quality customer service.

We are lead by a forward thinking Council.

The team (staff) shows leadership in carrying out their responsibilities and is valued and appreciated for their contributions and accomplishments.

2010 – 2012 BUSINESS PLAN: 2011 PROJECTS UPDATE

Planning and Economic Development Department mission:

We work with communities to plan, build, support and promote a great City.

VALUES

- Accountability: To provide balanced professional advice, responsible services and fiscal prudence.
- Leadership: In our thinking and in our actions; encouraging individual and team initiatives that exceed expectations and advocating for the City.
- Innovation: To think broadly and long term; to do more with limited resources and consider and develop new opportunity.
- Honesty: To demonstrate honesty and integrity in all of our dealings, upholding only the highest ethical principles; to provide open and transparent communication to create informed opinion.
- Respect: For the needs of all residents, for all viewpoints, and for the diversity of our community.
- Teamwork: Working in full co-operation and a spirit of collegiality with staff, Council, residents, businesses, stakeholders, and external partners.
- Excellence: In our service delivery, through a quality workforce; and to show pride in our efforts and the community in which we live and work.
