

Re: Applications for Official Plan and Zoning By-Law
Amendments by 1475780 Ontario Inc. for Lands at 2555
Creekside Drive, Dundas

Dear Madam/Sir:

I moved to the above address 6-1/2 years ago. In the brochure representing the area there was a park in the 2555 space. Also, in the Sales Office there was a replica of the area demonstrating where the buildings were placed on Creekside Drive with a park on the 2555 site with trees along the street. I also understood the Planning Committee allowed Alterra some concessions for the building in lieu of a park. What happened? Is keeping promises out of date?

It is very unsettling what is happening now!

Sincerely
