The Ministry of the Environment has received an application from CleanEarth Technologies Ontario Inc. for an Environmental Compliance Approval to operate a Waste Disposal Site (Processing Facility) to be located at 530 Sherman Avenue North, Hamilton, Ontario. The application, if approved, will permit the sorting, handling and treating of excess/contaminated soil and process water.

Additional details relating to the application can be found at the Environmental Bill of Rights Environmental Registry at <http://www.ebr.gov.on.ca/ERS-WEB-External/>.

It is requested that the City of Hamilton make comments with respect to the application including a confirmation of whether the property is appropriately zoned for the proposed use. Please ensure the report is signed and dated by the Commissioner of Planning or the Commissioner of Works, or their respective equivalent. Please respond to the attention of T. Gebrezghi, P. Eng., Supervisor, Environmental Approvals Branch, Ministry of the Environment at the above address within six weeks of the date of this letter. If no response is received by this date, we will assume that you have no objections to the issuance of the Environmental Compliance Approval.

Should you require further details of the site's operation, including copies of the application and site plan drawings, please contact David DuBois, Carrick Environmental Inc. at (905)607-0126.

As you are aware, the Director has the discretion under Section 32, Part V of the Environmental

Protection Act (EPA) to hold a public hearing regarding applications for waste disposal facilities. Municipalities or affected members of the public have the right to request that the Director consider calling a hearing with respect to any application submitted under Part V of the EPA. Any submissions in this regard must be accompanied by valid reasons and supporting technical justification.

Please make reference to the file number 3376-8U6NCN and indicate "Municipal Comments" in the subject line of all related correspondence.

Yours truly,
