Subject: 24 Brock St N. Dundas Development

Mr. Powers,

I wish to express my opposition to the proposed development of 24 Brock St. N.

I have concerns with the over-intensification of such a small property. We have specifically chosen this area to raise our children due to the character of the neighbourhood, this monstrosity would be a huge blemish on our community! We pay heavily in taxes to support our wishes. This development will hinder privacy and overlooking greatly. The transition will be an unsafe undertaking and my children will no longer be allowed to play in this area.

I believe allowing this development will be a step backwards in the cultivation of the town we love.

Janet Martin
