Re: Additional Washroom Policy Petitions

Dear Ida:

Further to our presentation to the Emergency and Community Services Committee regarding **'Opposite Biological Gender Usage of Washrooms, Change Rooms and Shower Facilities in the City of Hamilton'**, please find enclosed 9 additional original pages of signatures supporting our position on this vital safety issue. Please ensure that they are added to the petitions that were submitted to you the day of our presentation, December 10, 2012 and that the new chair of the committee is made aware.

Thank you for your assistance in this matter.

Jim Enos
President,
Hamilton-Wentworth Family Action Council

In light of the October 4, 2012 Toronto District School Board policy announcement to permit (biological) males to enter the girls washrooms (and vice-versa) in Toronto public elementary schools, and to do so without question, we hereby request Hamilton City Council examine their policies and by-laws, and to work with their legal counsel and the Hamilton Police to ensure that all washrooms, change rooms and shower facilities in the City of Hamilton are places of safety and security, by restricting biological males from entering female facilities and biological females from entering male facilities (except in cases where a young child must enter in the care of a parent, in cases of medical or mechanical emergency, or for routine cleaning where notices are posted).
