

# Added Item 10.2

Hamilton

## **NOTICE OF MOTION**

**Committee Date: July 8, 2013**

**MOVED BY COUNCILLOR B. McHATTIE.....**

### **Particulate Matter Reduction By-law**

Whereas Hamilton has one of the more challenged airsheds in Ontario with multiple emitters of air pollution;

And Whereas one of the most dangerous forms of air pollution is fine particulate (i.e., PM2.5 microns in size), causing significant respiratory health issues for Hamiltonians;

And Whereas the Town of Oakville has enacted a Particulate Matter Reduction By-law with the full sanction of the Ontario Ministry of the Environment.

Therefore Be It Resolved:

That Municipal Law Enforcement staff report back on Oakville’s Particulate Matter Reduction By-law, with assistance from Legal Services and other departments as required, and how it could be adapted for a similar by-law in Hamilton.
