Brian, Vanessa,

I wanted to voice my support of efforts to maintain and build Strathcona into a mixed-use, community and people centred part of our city - thoughtful design isn't everything, but we're pretty sunk without it! This article (http://raisethehammer.org/article/1959/york_ripe_for_revitalization_without_demolition), highlighting your support, shares my views. Also, loving the York street reconfiguration in that same article!

Lots of exciting and promising improvements coming out of City Hall and our greater community over the last while - thanks for your efforts bringing it, and us, to life.

Sincerely,

Andrew Pettit
