

INFORMATION REPORT

TO: Chair and Members Audit, Finance and Administration Committee	WARD(S) AFFECTED: CITY WIDE
COMMITTEE DATE: December 09, 2013	
SUBJECT/REPORT NO: 2012 City of Hamilton Municipal Performance Measurement Program (FCS13084) (City Wide)	
SUBMITTED BY: Mike Zegarac Acting General Manager Finance & Corporate Services	PREPARED BY: Tony Del Monaco (905) 546-2424 ext. 3020
SIGNATURE: 	

Council Direction:

Not Applicable.

Information:

The Municipal Performance Measurement Program (“MPMP” or “Program”) was first introduced by the Province of Ontario for the year ended December 31, 2000. The Program’s benefits include strengthening accountability, improving performance, stimulating productivity and creativity and improving budget processes. The services included in MPMP reflect major expenditures for municipalities, reflect areas of Provincial – Municipal interest, reflect high interest and value to the public and have data that is relatively easy to collect and fall under municipal responsibility.

Services reported for 2012 include: local government, fire, police, building services, roadways, transit, wastewater, storm water, drinking water, waste management, parks and recreation, library and land use planning.

Section 299 of the Municipal Act, 2001 provides publishing guidelines for the taxpayers of certain municipal performance measurement information within nine months of the calendar year (i.e. September 30th). Annually, the City of Hamilton posts MPMP

information on its' website and submits it to the Ministry of Municipal Affairs and Housing (refer to Appendix "A" to report FCS13084).

Ongoing review of the performance measures, trends, and service levels is important. Decreases in unit costs may be indicative of improvements in efficiency, lower service delivery costs or reduction in service levels while, increases in unit costs, may be indicative of enhancements in service levels, increased service delivery costs or additional maintenance costs.

Comparison of MPMP results, with costs in the City Operating Budget is difficult, since services and costs are reported differently. The reporting instructions for MPMP include clear definitions of services to allow for comparison across all municipalities in Ontario. One of the differences is that corporate program support services including: Information Services, Human Resources, Payroll, Accounts Receivable, Accounts Payable, Purchasing, Procurement, Accounting Services, Risk Management, Print and Mail, Fleet and Facilities are allocated to each of the service areas. These differences affect the reporting of the services in the Corporate Structure of the Operating Budget. Another difference is that the MPMP results for 2009, 2010, 2011 and 2012 are based on financial reporting standards adopted by municipalities in 2009. The modified accrual basis of accounting was replaced with full accrual accounting where tangible capital assets are reported on the balance sheet and changes in unfunded liabilities for post-employment, retirement and pension benefits, post-closure and closure landfill liabilities are reported as operating expenses.

Operating costs reported in MPMP include: salaries, wages, benefits, materials, contracted services, rents, financial expenses, external transfers and internal allocations between service areas. MPMP operating costs do not include: transfers to reserves, principal repayments on long-term debt, interest on long-term debt and amortization of tangible capital assets. Operating costs include some project expenses in the capital budget that do not represent spending on tangible capital assets.

Total costs reported in MPMP include operating costs, interest on long-term debt and amortization of tangible capital assets.

Appendices / Schedules:

Appendix "A" to Report FCS13084 - City of Hamilton Notice to Ratepayers: 2012 MPMP Results (Municipal Performance Measurement Program).

NOTICE TO RATEPAYERS

2012 MPMP RESULTS

(Municipal Performance Measurement Program)

September 30th, 2013

The City of Hamilton's 2012 results under the Province's Municipal Performance Measurement Program ("MPMP") are summarized in the attached document.

The goals of MPMP are:

- Create measures/indicators of efficiency and effectiveness of public services
- Produce information that municipalities can use to make decisions to improve local services
- Strengthen municipal accountability to taxpayers
- Monitor ongoing performance to assist in planning for future commitments
- Evaluate past performance and allow municipalities to share best practices

The attached document provides the City of Hamilton's MPMP results for 2008 to 2012 for comparison purposes. There are many factors that can contribute to results for each of the performance measures. These factors can include service levels, area and population served, climate, geographic location, age of infrastructure and accounting practices. New accounting practices adopted in 2009 affect the comparability of some of the efficiency measures for 2009 to 2012 against efficiency measures for 2008. Refer to the notes at the bottom of the chart (page 10) for further explanation.

The 2012 MPMP Results are available on the City of Hamilton's website at <http://www.hamilton.ca/NewsandPublications/PublicationsandReports>. If you have any questions please contact Tony Del Monaco in the Corporate Services Department at 905-546-2424 ext 3020.

Thank you.

Chris Murray
City Manager

City of Hamilton Municipal Performance Measurement Program (MPMP) 2012 Results

Performance Measure		2012	2011	2010	2009	2008
Municipal Administration						
1.1a	Operating costs for governance and corporate management as a percentage of total municipal operating costs	1.9%	1.7%	2.0%	2.5%	3.80%
1.1b	Total costs for governance and corporate management as a percentage of total municipal costs	2.0%	1.7%	2.1%	2.5%	N/A
Fire Services						
2.1a	Operating costs for fire services per \$1,000 of assessment	\$1.57	\$1.66	\$1.68	\$1.73	\$1.68
2.1b	Total costs for fire services per \$1,000 of assessment	\$1.65	\$1.73	\$1.74	\$1.79	N/A
	Number of emergency responses	23,405	23,984	22,701	21,921	22,381
	Number of residential structural fires	263	141	216	229	211
	Dollar loss due to structural fires	\$12.3M	\$9.0M	\$20.1M	\$16.9M	\$11.6M
2.2	Number of residential fire related injuries per 1,000 persons.	0.097	0.070	0.078	0.101	
2.3	Number of residential fire related injuries averaged over 5 years per 1,000 persons.	0.099	0.087	0.083	0.094	
2.4	Number of residential fire related fatalities per 1,000 persons.	0.004	0.002	0.008	0.004	
2.5	Number of residential fire related fatalities averaged over 5 years per 1,000 persons.	0.007	0.006	0.008	0.007	
2.6	Number of residential structural fires per 1,000 households.	1.219	0.664	1.029	1.103	
	Number of residential fire related injuries	52	37	41	53	
	Number of residential fire related injuries over 5 years	53	46	44	49	
	Number of residential fire related fatalities	2	1	4	2

City of Hamilton Municipal Performance Measurement Program (MPMP) 2012 Results

NOTES to the TABLE:

- Some of the MPMP data is not applicable or not available as indicated by "N/A".
- Some of the comparative MPMP data for other years may have been restated from results reported in previous years.
- Operating costs for municipal services include salaries, wages, benefits, materials, contracted services, rents, financial expenses, external transfers and internal allocations between service areas.
- Total costs for municipal service is new for 2009. Total costs include operating costs, interest on long term debt and amortization of tangible capital assets.
- Operating costs of municipal services for 2009 to 2012 are not comparable to operating costs for prior years as the definition has changed.
- In 2009, municipalities in Ontario and Canada adopted the Canadian Institute of Chartered Accountants (CICA) Public Sector Accounting Board (PSAB) Handbook Sections 1000, 1100, 1200 and 3150. The changes include:
 - Tangible capital assets are reported on the balance sheet or statement of financial position.
 - Amortization expenses of tangible capital assets are reported in total cost of municipal services.
 - Operating costs include expenses on some projects in the capital budget that were not capitalized as tangible capital assets and, therefore, were included in operating costs as a result of the City of Hamilton's tangible capital asset and finance policies.
 - Operating costs include the change in unfunded liabilities for post employment, retirement and pension benefits that are not funded through the operating budget.
 - Operating costs include the change in unfunded liabilities for costs associated with post closure and closure of waste management landfill sites.
