I am opposed to this Zoning bylaw change at 2 Oceanic Drive.

The addition of six street townhouses on this lot does not fit in with the rest of the single family dwelling in this area known as Lakewood Landing. The addition of 12 more cars on this corner of Drakes & Oceanic Dr. would cause sight obstructions & more problems for the people living here, also the frontage of this lot does not meet the minimum standard for six street townhouses.

I would like to be notified of the outcome of this meeting.
