Subject: Glover road closure

This letter is to inform you that I am in favor of the suggestion by the City Planning Dept. to narrow Glover road with an island and not the formerly suggested cul-de-sac. I believe the narrowing of the road will still allow emergency vehicles and snow removal to continue the service we now enjoy with no interruptions. I am opposed to the road being closed with a cul-de-sac as this may cause a disruption of the services we now have.

Thank you
Gerry DiCarlo
resident of Glover Road in Hannon
