To: Greg MacDonald or to whom it may concern:

In reference to meeting town hall. 9:30 am june 4, 2013 please add to the setback:

A one hundred year Moratorium be placed on expansion of road or construction of sidewalks, bike paths and expropriation of lands between 118 to 338 mountain brow blvd in respect to the south side of the all ready existing road.

(This is to preserve and protect residents properties and what little is left for wildlife and agriculture.)
