Please send my comments to the Planning City Staff and the Clerk's Dept.

What we like:

I have lived in Fruitland since a child and my husband and I bought a house on McNeilly Road forty eight years ago to raise our three children in this beautiful neighborhood. We have enjoyed fruit trees and lots of nature in our backyard always with the understanding that one day growth would come. As long time tax payers we are not objecting to change but we are expecting change for the better.

What we don't like:

We attended many meetings over the years to voice our concerns and opinions only to find out we had no voice. On May 23, 2013 we learned the Planning Department has changed previous agreed upon plans. We do not agree with town houses in backyards of existing single family dwellings or higher buildings obstructing present neighborhoods. Therefore we would like you to consider some changes with respect to these present neighborhoods.

Sincerely,

Richard and Kathie Linneborn
