Councillor Johnson,  
I am a Winona resident and business owner, and have great concerns with the (in)appropriateness of the Stoney Creek Urban Expansion plan that was presented. I do not believe that it respects the history and heritage of our community, nor does it respect the wishes of its current residents.

I am unable to attend the meeting today (June 4th) due to business commitments, but am sending you this email so that it may be recorded as part of the process moving forward.

Regards,  
Jeff Beattie
