A few years ago, Hamilton Council made a magnanimous gesture. Which was, any War Veteran who were in passion of a Veteran's licence Plate on their motor vehicle, would be allowed free parking, any where, anytime, no period, of time limit mention.

Men and Women who suffered the episodes of shot and shell and being ready to sacrifice their life in the cause of freedom for their Country, free parking later in their life, was at least something. If City Council could wait, say FIVE years, the free parking for Veteran's will resolve its self, we will all be DEAD

In the year of 2010 the magnanimous gesture, made so long age Has been rescinded, you are allowed free parking, to the limit of the time posted, move or get a parking ticket. (SO MUCH FOR WAR VETERAN'S)

P. S.

I forgot to mention, you have to get a new VETERAN'S PARKING Permit windscreen sticker, to take advantage of the free parking bit. Obtained at Hamilton Municipal Parking System, 80 Main Street West
