A significant safety hazard now exists because of the installation of a stop sign at the corner of Linington Trail and Newcombe Road in Dundas. Stop signs installed in the wrong places for the wrong purposes almost always create more problems than they solve. As indicated by your the Public Works Department at the City of Hamilton "Overuse of stop signs reduces their effectiveness and, if installed where not warranted, the device is ignored by motorists who tend to speed up between stop sign controlled intersections rather than slow down. Also, motorists begin to "roll through" what they deem to be an unnecessary stop or not stop at all, creating a more dangerous situation." My research indicates the The Linington and Newcome stop sign not recommendation by Traffic Division but instead brought forward by Councillor Powers. I have asked for meetings with Mr. Powers but he has yet been able to meet with me after several months of requests. I would like this matter resolved before someone gets seriously injured. I recommend removing the stop sign.
