Subject: Re discounts for developers developing wetlands

External Email: Use caution with links and attachments

I am very concerned to hear not only that are developers to get the go ahead to develop warehouses on wetlands, which need to be conserved due to climate changes and wildlife habitat preservation, but alarmed that there is a staff proposal to give developers a discount on development charges - this means that taxpayers would be subsidising a development that most of the local population is against!

As a local taxpayer I urge you to please vote against this discount proposal

Catherine Thomas
